

NORTHEASTERN UNIVERSITY MARINE SCIENCE CENTER BEACH SISTER PROGRAM FELLOW

Massachusetts Promise Fellows deliver the resources that young people need to be successful in life by **mobilizing** and **organizing** community activity, **creating** and **leading** powerful initiatives, and **training** and **inspiring** citizen volunteers.

The Massachusetts Promise Fellowship achieves this by placing Fellows with non-profit organizations and state/local government agencies that focus on fulfilling the needs of our youth by providing; *a caring adult, a safe place, a healthy start, a marketable skill, and an opportunity to give back.*

SERVICE DESCRIPTION

Since 1967, **Northeastern University's Marine Science Center (MSC)** has generated outstanding teaching and research in the marine sciences. The MSC's Outreach Program reaches over 5,000 people per year through various programs and events, and has traditionally focused on serving teachers and students in eastern Massachusetts. The MSC and Girls Inc. of Lynn have developed the Beach Sister program in order to address the needs of youth in the City of Lynn by pairing the resources of an informal science education center with a community-based organization. The Beach Sister program will help pave the way for school-aged girls living in an environmental justice community to develop scientific inquiry and citizenship skills, and to learn about studies and careers in marine science. The Fellow will be responsible for coordinating most aspects of the Beach Sister program in its first year.

SPECIFIC RESPONSIBILITIES

- Become familiar with MSC, Girls Inc., the local watershed, the demographics of the community served, and career applications/extensions within the local community
- Research watershed management issues to identify potential service-learning projects
- Observe and practice teaching/mentoring skills through participation in MSC and Girls Inc. programs
- Initiate contacts in the community related to potential service-learning projects
- Present a detailed workplan to partners
- Deliver programs via direct instruction, facilitated field experience, and service-learning
- Document experience to share with peers, parents, and the local community
- Complete self-assessment report on member experience, to include personal reflection, professional development, lessons learned, recommendations, and other observations
- Travel at least once/month to Fellowship meetings, retreats, and training

The Massachusetts Promise Fellowship is committed to providing equal opportunities. We serve and partner with diverse organizations, and are dedicated to non-discrimination. It is our policy to ensure that all individuals with whom we are in contact are treated without regard to age, color, disability, gender, marital status, national origin, religion, sexual orientation or expression, or veteran status. We require that all our partners make reasonable accommodations for any and all individuals with a permanent or temporary disability. We actively partner with organizations representing minority concerns and interests to build high-performing teams that mirror the communities we serve.
